

7th Annual Scientific Meeting

January 17 - 19, 2025

Hilton Austin | Austin, TX

SPONSOR & EXHIBITOR PROSPECTUS

Mark Mamlouk, MD

Program Chair, 7th Annual ASPNR Scientific Meeting
Treasurer of ASPNR

The American Society of Pediatric Neuroradiology (ASPNR) invites you to participate in our 7th Annual Scientific Meeting. The meeting will be held January 17 - 19, 2025 at the Hilton Austin, in the heart of downtown.

The ASPNR will feature an engaging, interactive educational program with presentations from experts and innovators in the field of pediatric neuroradiology. The program will include educational reviews, address challenges encountered in daily practice, and examine cutting-edge approaches to the neuroimaging evaluation of fetal and pediatric CNS disease.

On Friday evening, the Opening Reception is an excellent opportunity to interact with all attendees. The Saturday evening ASPNR Gala will be a memorable event with a live band and dancing!

On Thursday, January 16, we will offer two highly sought after workshops - a Hands-on Advanced Neuroimaging Workshop for those who would like to sharpen their skills in pediatric fMRI and a Core Curriculum Workshop for trainees, young professionals, and adult neuroradiologists/general pediatric radiologists interested in the essentials of pediatric neuroradiology.

[Our website](#) is the destination for all conference matters, including the sponsorship application and up-to-date meeting details. As you will see, we have a wide variety of sponsorship opportunities. If you have any questions or need a custom sponsorship package, please contact Zenia Spear, ASPNR Director of Events, at zspear@atozsignature.com.

I look forward to welcoming colleagues and friends in Austin!

About the ASPNR

The ASPNR was founded in 1992 with the objective of developing, fostering, and supporting the care of pediatric patients undergoing neuroradiologic imaging examinations and procedures. The ASPNR aims to maintain the highest standard of practice, research and education in pediatric neuroradiology, which is an area of specialization in the broader field of neuroradiology. Members of the ASPNR enjoy a culture of close fellowship and collegiality that provides a platform for exchange of ideas and dissemination of knowledge between pediatric neuroradiologists and kindred pediatric and/or neuroscience physicians, and scientists. There are 723 ASPNR members as of April 2024.
